## MEDICINAL.

**The Pace That Tells.**

In the six day bicycle race the pace tells terribly at the end. Man after man falls out exhausted. The victor wobbles wearily over the line. In the business race it's the same. Man after man drops out exhausted. The successful man is often a dyspeptic, unable to enjoy success. When the stomach is diseased there is not enough nutrition assimilated to sustain the body and repair the daily waste of tissues. The result is weakness, tending to collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food by which the body is built up with sound, healthy flesh.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Yankin College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact, have not felt like the same man. Before I took the Golden Medical Discovery I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings. Last summer our baby was teething and was so poor he was almost a skeleton. We gave him your 'Golden Medical Discovery' and now he is as healthy and well as any child. I will speak a good word for your medicine whenever I have an opportunity."

will quickly drive out the pain. Keep it on hand for just such emergencies. There is sure to come a time of need and Hamlin's Wizard Oil will not fail you.

Mrs. A. C. Schaefer, Great Bend, Kan., writes: "I have been subject to Sick Headaches for over five years. I used one bottle of Hamlin's Wizard Oil and directed and have not had a headache since."

Sarah Gillespie, San Diego, Tex., writes: "I have suffered a great deal with Earache and by the use of Hamlin's Wizard Oil I have been entirely cured."

P. H. Simons, Dennison, Iowa, writes: "Hamlin's Wizard Oil is the best remedy for Sore Throat and Toothache I have ever used. I have never known it to fail."

There is only one Wizard Oil—Hamlin's—name blown in the bottle. Signature "Hamlin Bros." on wrapper. Take no substitute. 50c. and \$1.00.

### END OF THE STRIKE.

The strike of packing-house employees in Chicago, begun nine days ago, and which has demoralized the packing industry throughout the country, was settled last night at a conference between representatives of the packers, the officials of the meatcutters' union and representatives of all the allied trades employed at the stock yards. The whole controversy will be submitted to a board of arbitration, both sides agreeing to abide by whatever decision this board may reach.

Pending the decision of the arbitration board, the men will be taken back to work as rapidly as possible by the packers, and it is agreed by the packers that all the old employees are to be reinstated within 45 days from the date work is resumed. If any of the former employees are still unemployed at the expiration of that time such persons are to have the privilege of submitting their cases to the arbitration board for settlement.

The strikers will return to work as soon as they can be notified of the peaceable adjustment of the trouble, and it is expected that by Friday morning everything will be in normal shape at all the plants in the different cities where the employees were on strike. Half an hour after the decision had been reached last night to arbitrate M. J. Donnelly, the strike leader, had secured communication by long-distance telephone with the leaders of the strikers in outside cities, and had notified them that a satisfactory settlement had been reached, and directed the strikers to return to work as soon as possible.

The settlement of the difficulty by arbitration was brought about by the allied craft at the stockyards, who would have become involved in the controversy had it continued much longer. The representatives of those unions, which represent about 14,000 men, got together Tuesday and sent a final appeal to the packers, asking for a three-sided conference yesterday between the packers, the strikers and themselves in a final effort to get both sides of the controversy together again and arrange some sort of agreement which would prevent the strike spreading to the affiliated unions. This appeal of the allied trades unions received a favorable response from the packers, and yesterday's conference was the result.

The agreement entered into between the representatives of the packers and the strikers follows:

Wages and working conditions of all employees now on strike to be submitted to arbitration, each party to the agreement having the privilege of bringing before the arbitrators for decision any question of wages or conditions, or any other grievance they may have, and both to abide by the decision of the arbitrators. The packing companies signing this agreement to retain all employees now at work who wish to remain, and will re-employ all employees now out as fast as possible, without discrimination. Employees to return to work at the wages received when going on strike, pending the decision of the arbitration; arbitrators to consist of three practical packing-house men, to be selected as follows:

"One representative of the packing companies; one representative of the Amalgamated Meatcutters and Butchers' Workmen of North America; these two to select a third member. The two first named shall meet within 48 hours after resumption of work and proceed to elect the third member, and shall meet daily for that purpose until this duty has been completed. When the three shall meet daily, unless adjournment be had by unanimous consent, until the final conclusion has been reached and the award made. Any former employee not re-employed within 45 days from date work is resumed to have the privilege of submitting his or her case to arbitration on question of discrimination, decision of arbitrators to govern."

### France Sends Ultimatum.

The text of Foreign Minister Delcasse's note addressed to the Vatican was communicated to the council of ministers yesterday. It creates a decisive issue, asking for the withdrawal of the letters by which the Vatican called for the resignations of Bishops Gay, of Laval, and Nordez, of Dijon. Otherwise all relations between France and the Vatican will be broken off. The contents of M. Delcasse's note are semi-officially stated to be as follows:

"The French government asks for the withdrawal, pure and simple, of the letters the Vatican addressed to the bishops of Laval and Dijon, which are considered to be a breach of the concordat, as France had not previously been consulted relative to the dismissal of the bishops. In default of compliance the Holy See is advised that the Pontifical nuncio at Paris will receive his passports and that relations will be severed."

A similar notification was communicated to the Papal nunciature at Paris. The Vatican's answer has not yet been received. It is expected that the question will be maturely considered before an answer is given. Therefore, the council does not anticipate a determination of the issue before August. The officials incline to the belief that a

rupture is inevitable, as unofficial advice from Rome indicate that the Vatican does not intend to comply with the request to withdraw the letters calling for the resignations of the bishops. The Journal des Debats of Paris characterizes the note as an ultimatum and says that unless entire satisfaction is given a complete rupture will follow immediately, the personnel of the French embassy to the Vatican being withdrawn simultaneously with the delivery of the passports to the nuncio.
